

Wellestra Emergency Preparedness Kits and Supplies

About Us

We provide emergency preparedness kits and emergency preparedness supplies to businesses in the South Florida market, from Vero Beach to Miami.

This company was born out of the desire to offer an alternative in today's emergency preparedness and first aid service market. We wanted to offer companies great service and great quality of products at very reasonable prices, something that we felt was missing. One of the founders of Wellestra First Aid and Safety ran the one of the first document shredding companies in the early 90's. During that time he saw disagreeable changes in service practices and witnessed price increase after price increase. It seemed that the business had changed from taking care of customers and putting their needs first, into figuring out ways to force as much over-priced product into their emergency preparedness kits as possible.

We knew that we could do it better and help many companies in the process, so here we are!

Our servicing areas includes: Vero Beach, Port St. Lucie, Hobe Sound, Tequesta, Jupiter, Palm Beach Gardens, West Palm Beach, Lake Worth, Palm Beach, Wellington, Royal Palm Beach, Delray, Boca Raton, Deerfield Beach, Hallandale Beach, Fort Lauderdale, Coral Springs, Lauderhill, Sunrise, Sunny Isles, Hollywood, North Miami Beach, Miami Beach, South Beach, and Coconut Grove and all of Miami.

Benefits our customers receive:

- Honesty, integrity and transparency
- 30% to 50% savings on first aid expenditures
- We supply only those items that customers want and need
- Free and reliable service - no service charges!
- Free site analysis
